Residential on 20.01 Acres

Wimberley, Wimberley, TX

Welcome to your Wimberley getaway! The most fabulous tiny home in the hill country that sits on 20 lush, cedar-free acres. Covered with mature Oak trees and an 1-acre fenced orchard with over 100 fruit trees, this ranch-ette is truly a magical place! Not your average tiny home: this beauty is custom built & designed by award-winning New Frontier Designs. "Moonlight Momma" has primary bedroom on the first level. A king sized bed fits perfectly under a sky light, perfect for those dark sky star-gazing nights. The second bedroom is a two bed loft above the walk-in closet & large bathroom. The sliding doors in the living space open up to the huge, enclosed covered porch ideal for entertaining. Truly high end and thoughtful finishes include walnut flooring, mobile ladders, custom bookshelves & lighting. Don't miss the unique Charred (Shou Sugi Ban) cedar siding on the exterior. Not only is it gorgeous but Shou Sugi Ban, which is now often referred to as charred wood, is a Japanese burnt wood technique which preserves the wood essentially making it more durable. Several ideal build spots for a main home! Wildlife exemption in place. Lightly Restricted - Buyer to verify city and county restrictions on STR. Minutes to ALL the things: Jacobs Well, Wimberley Square, Breweries, Wineries and only 45mins to Downtown Austin.
