Introducing 1509 Elton Lane, a multiple dwelling property with a close-in Tarrytown location. This fabulous live/work or live/work/rent opportunity comes together with three structures. The nearly 1/3 of an acre lot offers a unique set-up today. The property consists of a main house + detached garage with studio space & a detached duplex.

Substantial improvements were completed to the main house in late 2012. The two story home now offers 2,475 sqft. Presently laid out as a well functioning 2bedroom/2bathroom home; easy to modify the oversized primary suite upstairs to two (2) secondary bedrooms, if desired. The home has a generously-sized living area & dining area. Large walls, gas fireplace, crown molding, recessed lighting. The kitchen is open, complete with built-in KitchenAid appliances, gas cooktop + a great walk-in pantry. Wine storage + additional storage under the staircase. Presently, the entire second floor is the primary bedroom suite + sitting area, two (2) walk-in closets, full bathroom & additional storage. Casement windows, wood shutters. There is a welcoming front porch + oversized side & rear deck. The detached garage structure was *constructed in 2015; offers a 1-car garage + two (2) storage rooms on the main floor. Upstairs, an open studio space + office alcove & a half bathroom, adds another 557 of livable

square feet. The duplex has stood on site since approx. 1938; functional one-bedroom units, approx. 752 sqft. each; both units have been updated: new kitchens, bathrooms, walk-in closets, storage closet, etc. The possibilities easily let your imagination run to envision and position future modifications, enhancements, a future swimming pool, perhaps a one-level casita. It's a very flexible property today and in the future.
