Privacy is assured here because the property is bordered by a county road and a large private ranch of over 1,000 Acres. The immaculate home with 3363 SqFt which was built by the current owner with incredible attention to detail and emphasis on structural integrity & energy efficiency. There are exposed laminated beams, long leaf pine trim, hand built cabinets, heavy duty insulation and zoned AC systems and propane heating plus a beautiful Hearthstone wood burning stove in the family room. Maybe the best part of this house however, is the fantastic front porch! It is extremely inviting and faces east with miles long views that provide a fantastic setting to enjoy the beautiful hill country scenery. Water is provided by a private well, a 3,000 gallon water storage tank and a water softener. The terrain on this ranch is gently rolling with an elevation around 1,000â€™ above sea level. For the most part, the land has been left in its natural state to maintain lots of cover and sanctuary for wildlife. Several of the surrounding ranches have been well cleared which makes the habitat on this ranch a magnet for an abundance of wildlife such as whitetail deer, turkey, wild hogs and more.. As far as the habitat goes, it is trees, trees, trees!

You can see by the aerial photos that this ranch is loaded with big trees including live oaks, post oaks, huge junipers, yaupon, and many others! This diversity of cover makes for a great refuge for wildlife. There are several blinds and feeders set up on the ranch for hunting or just for watching the wildlife. Living on this ranch is nothing but fun, hiking, hunting, sunsets, animal watching and relaxation! Property is in Blanco County. Hurry to see this one!!
