The Lauren II comes with all the custom luxury features that elsewhere are considered options -- and all on a single floor! With its open floor plan you can enter the formal dining room through elegant archways from both the hall and family room and enjoy the corner fireplace in the spacious family room from the couch, breakfast room table, or ample kitchen island. The kitchen is designed with the chef-in-all-of-us in mind from its efficient work triangle and walk-in pantry to the well-ordered planning area just off the family foyer. The gameroom, media room, and outdoor living area all lie off the breakfast room for your entertainment pleasure. A comfortable bedroom suite is accessed via the game room and another bedroom is down the hall. On the other side of the home lies the study, a third bedroom suite, and the luxurious owner's suite, complete with sitting area, resort-like bath, and voluminous walk-in closet.
