Residential on 0.39 Acres

Brodie Springs, Austin, TX

Nestled within the coveted neighborhood of Brodie Springs in South Austin, is 10500 Antelope Run, a magnificent home situated on an oversized corner lot. This 4000+ square foot gem has four bedrooms and 5 baths and lives like a large open- concept one story with all the bedrooms on the main floor, but it has a second story that houses a spacious media room and a game room/bonus room, plus a half bath.

The kitchen is enticing with high end appliances, a gas range built into a brick alcove, custom style cabinetry, stone accents, granite counters, and plenty of storage. Speaking of storage, the pantry is the envy of many who have seen it. It has been updated with Shelf Genie Glideout drawers which makes it easier to find items and to stay organized. The pantry is located in an oversized laundry room and mud room that is adjacent to the kitchen and has custom cabinets, a built in sink, and a desk.

The master bedroom is situated near the family room. The bathroom has a large walk in shower, double sinks, and a large walk in closet. The three additional bedrooms are located on the opposite side of the house. There is so much to explore in this house. If the 4000+ square foot house doesn't offer enough room for relaxation, one only needs to step out back to the covered patio that overlooks the large lush lawn. The patio has also been upgraded to deal with this Texas heat with a remote controlled, motorized solar

screen. The ceiling fan makes this a comfortable place to relax. But if you need even more solitude, there is an additional private courtyard on the other side of the house.

The driving distance to Bowie High School is 1 mile and to downtown Austin is approx. 12 miles.

There is plenty of room in this house to suit everyone's needs. Like the Pella windows installed in 2020, this home has so much to offer. It's waiting for the right buyer to make it their own. Is that buyer you?
