PRICED TO IMPRESS!! View this beautifully designed Tippit built home on a corner lot - NO REAR NEIGHBORS!- super soon! This floorplan caters to family friendly living by positioning the minor bedrooms in the opposite wing of the home thus lending parental privacy to the primary bedroom. Step inside and be welcomed by the perfect blend of comfort and warmth in a classic style. Hard tiles surface the flooring in the main living areas, baths, and utility room, while the bedrooms have plush carpeting. The foyer ushers the visitor to the Texas-sized "Great Room", where a corner fireplace is the focal point. Crown molding dresses the tiered ceiling. A bay window pumps sunlight into the dining area that adjoins the cook's delight kitchen, an arrangement primed for hosting. The kitchen offers a bevy of cabinets, granite topped counter space plus center island, pantry, and an eye-catching window-topped corner sink. The owner's suite features a crown molding enhanced tiered ceiling with lighted ceiling fan, and a "bump-out" window framing the positioning of the bed. The high-style primary bath offers twin vanities flanking the deep corner tub, separate tiled shower, and a huge walk-in closet. The hall bath is placed between two of the secondary bedrooms, which have lighted ceiling fans and generous closet space. The 4th bedroom lends itself to pulling double duty as an office or kids' playroom as French doors provide audio privacy. The interior utility room is outfitted with

additional storage cabinets and window for natural light, and links to the side-entry double car garage which is equipped with garage door opener. Exceptionally large, covered patio and a fully fenced yard - backing up to a much-appreciated privacy screen of mature shade trees - are perfect for spending summer evenings outdoors, hosting get-togethers with friends and family, or just resting and relaxing. Extra perk: your energy bills will appreciate the solar screens! Ready for quick possession!
